### **Forward - Thinking :**

We think ahead and around corners to identify challenges, opportunities and provide the best support.

### **Trust :**

Global quality, value standards and satisfying customers quality requirements.

OUR  
SERVICES

## Quality Policy

- Quality does not start with Q but it must be followed by U.
- Quality means doing it right when no one is looking.
- We carried out all the inspection and testing parameters that are required for the raw material as well as finish well.
- The company has high qualified and experienced staff and therefore quality process is followed at all stages of production.
- The sophisticated and sophisticated plant covers the raw material testing facilities and equipment to control the quality at its highest level.

### Our Values

Our values are part of our DNA. They guide the way we work with our customer. Through integrity, accountability, passion, humility, simplicity and a focus on success. we have created a mechanical company where ideas can blossom, people can thrive and success can flourish.

### Our Mission

To increase and create value by supplying unique and innovative automotive products to our valued customers. We manage our business in a socially responsible and ethical way. We respect the law, support universal human rights, protect the environment and benefit the communities where we work.

### Our Vision

To achieve one Star Export House Status from Government of INDIA before the current policy FTP 2015-2020 ends.
